Our first Eugowra Country Fair was held on a very hot and humid day in November 2016. There were 22 stalls. Since then we have increased the number of stall spaces, expanded the site, and engaged publicity officers to promote the Fair and attract more people.

**The April Fair will be on the same day as the local Lions Club's Car & Bike Show held just across the bridge. This attracts lots of visitors to Eugowra & will bring people to the Fair.**
